

Dear Hiring Manager,

I am a Master's Student at Georgia Institute of Technology, currently pursuing my degree in Machine Learning and Computer Science. Before that, I also completed my Bachelor's of Science from Georgia Tech. I have interned at Zynga, a gaming company in San Francisco, and at VMWare AirWatch. I also have full time work experience from Zynga, where I worked as a Software Developer after completing my bachelor's degree. These internships and positions have provided me with a lot of experience, and qualified me for this position.

I look forward to hearing from you,

Regards,

Ravish Chawla
